

CLASSIC FLAVOUR

BEEF

For the preparation of traditional meat broths or give other dishes an intense, full and balanced aroma, when used as a salt substitute. The use of the highest quality of meat guarantees a nutritional balance that is in line with a healthy diet and products of safe origin. The classic flavour is offered in a granular form (with the use of prime beef) in a medium and Catering format and as a paste in the Catering format only. The product is gluten free and therefore suitable for people with coeliac disease.

Ingredients - granular product gluten free:
